I recently attended 'Innovations' session and it was an incredibly engaging and insightful experience. The session was highly relevant to students interested in entrepreneurship and Innovation.

The session was all about bringing new thoughts, insights and Innovation in the field of Entrepreneurship.

I particularly mention about the speaker of the session who was passionate about the entrepreneurship field and conveyed complex concepts clearly. It was an interactive session and an opportunity for us to ask questions, related to the field of Innovation in Entrepreneurship and also to interact with such great Personality.

The 'Innovations' name itself suggest it's a unique concept. I Thank the management Committee for Organizing such sessions and for taking initiative to inspire young minds, and also I would look forward to be part of such innovative sessions.
