| 23. | Summary of the Event (Minimum 100 words) | <p>For all VI, IV, and II Semester students, the Department of Computer Applications at BCA has planned a full week of programming club activities.</p> <p>Through training and mentoring, Coding Club's major goal is to enable students and aspiring professionals to master the art of competitive coding. To foster the development of programming skills, the department has organized quizzes on C programming for students in the second semester, a coding club competition on the topic of C++ for students in the fourth semester, and a debugging competition on Java programming for students in the sixth semester. Teams were formed from the students. Students avidly participated in competitions and answered questions as a result of peer learning, which allowed them to understand the topics.</p> |
