21.	Summary of the Event	The Department of BCA conducted a Nail Art competition under student activity cell and cultural cell. Face Painting is the activity of covering a person's face with paint, or drawing designs on it as a decoration. Face painting is the artistic application of nontoxic paint to a person's face. The practice dates from Palaeolithic times and has been used for ritual purposes, such as coming-of-age ceremonies and funeral rites, as well as for hunting. Materials such as clay, chalk or henna have been used, typically mixed with pigments extracted from leaves, fruits or berries and sometimes with oils or fats. Students actively participated and showcase their face painting talent. The judgment panel decided the prizes to the participants.
