

# DAYANANDA SAGAR COLLEGE OF ARTS, SCIENCE & COMMERCE

## INTERNAL ASSESSMENT POLICY

### MBA Department

Every semester two Internal Assessment Tests are carried out. The first Internal Assessment Test is carried out one and half months after the commencement of classes and covers 40% of the syllabus. The second Internal Assessment test is carried out two months after the first test and covers 60% of the remaining syllabus. Each of the Internal Assessment tests are conducted for 50 marks which is eventually brought down to 10 marks (out of 30 final Internal Assessment marks). The Bangalore university syllabus scheme provides the various components for the Internal Assessment. The first component is the Internal Assessment marks which is computed as the average of the two 50 marks Internal test carried out every semester (10 marks), the second component is the student seminars (5 marks), the third component is the student assignments (10 marks), student attendance (5 marks). Towards the end of the semester every faculty is required to fill the Internal Assessment form for their respective subjects showing the above mentioned break-up of marks. The final consolidated Internal Assessment marks report is then generated and used for entering the final marks in the Unified University & College Management System (UUCMS) portal which can then be viewed by all the students by entering their login ids and password into the portal.
