23.	Summary of the Event (Around 100 words)	<p>Department of Computer Applications (MCA), DSCASC organized two days hands on workshop on Full Stack Development on 12th & 13th Jan 2024.</p> <p>Full stack development training is a comprehensive program equipping individuals with skills spanning both front-end and back-end web development. The training Programme covered HTML, CSS, and JavaScript for crafting dynamic user interfaces, along with server-side languages like PHP. Students gained hands-on experience with popular frameworks, databases, and deployment tools. The training fosters a holistic understanding of the development process, emphasizing problem-solving, collaboration, and project management. Graduates emerge with the versatility to handle diverse roles in the software development lifecycle, making them valuable assets in today's tech industry. Overall, full stack development training provides a well-rounded skill set for building end-to-end web applications.</p> <p>Finally, the session concluded with clearing students doubts.</p>
