23.	Summary of the Event	BBA students recently completed a computer lab session as part of the Bizz Lab course orientation. Unlike a typical lecture, this session was designed for real-world application. Bizz Lab, a comprehensive web platform, served as the virtual lab, allowing students to experiment with various accounting, financing, and tax tasks. The focus was on practical skills development, with students getting hands-on experience using the platform's features. This interactive session helped bridge the gap between theory and practice, providing valuable context for the accounting, finance, and tax concepts they'll encounter throughout the course. By actively working within the Bizz Lab environment, BBA students gained confidence in applying their knowledge to real-world business scenarios, preparing them for future success.
