There was a college event conducted in our class about Gender equality and Women Empowerment.

Actually it was a very knowledgeable activity

Where we learnt more about the power of women and what are their achievements in our society. -

In gender equality we learnt about the equality of gender no discrimination between male and female. Totally it was a fun filled event where we also learn about the struggles women go through on a regular basis. It was a sensitizing session and also an awareness creation session and activity

Thank you
