22	Summary of the Event	The Department of Computer Applications (BCA), under the Coding Club, organized a Technical Quiz on C and Java programming for final-year students. The quiz aimed to assess students' conceptual clarity, problem-solving skills, and understanding of advanced programming topics. The competition included 40 multiple-choice questions covering pointers, memory management, recursion, OOP concepts, collections, multithreading, and optimization techniques. Students actively participated and showcased strong analytical and technical skills. The event concluded with evaluation and appreciation from faculty members. Overall, the session was engaging and successful, encouraging students to strengthen their coding proficiency and participate in future technical events.

Feedback on
C and Java
Technical Quiz

J. Pujitha
W3CT23S0038

13/02/2026

The quiz conducted on C and Java programming was very helpful to understand the concepts related to variables, loops and conditional statements. It improved our knowledge in the fields like Object-oriented programming using classes and methods, logical thinking and coding skills.

Overall, The quiz was a useful session in domains like simple learning Project.

Feedback on C and Java Technical Quiz

Manasvi . NL

13/02/2026

U03CJ23500 57

The quiz program developed using C and Java is a simple and useful project. It helps in understanding basic programming concepts like variables, loops.

Usefull and good for beginners to practice coding skills.

Manasvi . NL
