21.	Summary of the Event	<p>The BCA Department conducted a Debate Competition on 09/11/2024. The topic for the debate was "Is it ethical to use facial recognition technology for surveillance", and participants were divided into teams of two, each arguing either in favour or against the motion. The competition was structured into several rounds, where speakers presented well-researched arguments, countered opposing viewpoints, and engaged in lively rebuttals.</p> <p>The Judge evaluated the participants based on criteria such as clarity of thought, logic, presentation style, and the ability to engage in constructive discourse.</p> <p>The competition not only fostered critical thinking and public speaking skills but also promoted healthy discourse on important societal issues. It was an engaging and intellectually stimulating event, showcasing the talent and potential of young debaters.</p> <p>Overall, the Debate Competition was marked by high energy, as debaters demonstrated their analytical skills and ability to think.</p>

Topic: "Is it ethical to use facial recognition technology for surveillance?"

V. Gaurtham

U03CJ23S0114

"The Debate held by our department was very knowledgeable and thought provoking on the various ethical aspects of Facial Recognition used in Surveillance. I would look forward to many more events such as this conducted in the near future."

Anjali .M.

U03CJ24S051

"It was quite amazing on having a debate session on the topic of ethical aspects of facial Recognition. It was informative and quite good. The clarity and depth of the topic was not so clear."

Bhavana.

U03CJ22S0155

"Firstly I thank the department for conducting a competition which was productive and useful.

I personally had a very insightful session wherein I was able to find different opinions from different people regarding the ethical and unethical side of growing technology.
