the program was very informative and helpful.
I feel more confident in identifying phishing emails
now.

The examples used were very relatable and helped
me understand the risks better.

Sai Simha-N
(U03CJ24S0124)

The explaination by him was very good made it
easy to understand the concept which was very
helpfull.

SUshen.S

"Data Privacy Best Practices Using Secure Browser & Phishing
Awareness Simulator".

The session gave us a lot of information regarding secure
browsers which offer privacy features. It was a very knowledgeable
session & also explained about phishing in detail which
helped us in gaining distinctive knowledge about
cyber attacks.

                                        Rohith-S
                                          (0084)

"Insightful and a must needed session for students as it create
awareness about cyberattacks and also learnt about importance of
privacy online and also about various privacy offering browsers.
It was a very good session.

Data Privacy Best Practices Using Secure Browser & VI 'B'
Informative Phishing Awareness Simulation

Date: 13/3/2025

It was really informative
- Manish (140)

→ The Session was about different types of browsers,
which offer data privacy.

→ He Covered various browsers, which helps us protect
Ourselves from the various cyberattacks.

→ He also demonstrated a phishing attack simulation,
which way a very new thing we all came across

→ & He basically demonstrated in practical how a phishing
attack takes place & how to protect ourselves from fake
Emails.

→ Overall, the Session was really informative, interactive,
& interesting.

- Srinithya v (084)

* He explained that there are more different types of
browsers, more secure than Google, with more
personalised features and customizatione.

* The session was very interactive (atleast the speaker
tried) providing a real time scenario of how
phishing emails are sent and how they track
our information.
