Feedback on Gemini AI.

The seminar was informative and the speakers provided the insights into capabilities and applications of Gemini AI, they also explained about the case-studies and real-world examples. They also explain about how Gemini AI uses machine learning and Natural language processing (NLP) to provide human-like responses to text, image and audio prompts. It uses cross-modal reasoning across different input data types. They explain about the real-time applications of Gemini AI like Healthcare Industry, Transportation, E-commerce, and Financial industries. Overall the seminar was useful and beneficiary.
