| 24.     | Summary of the Event                                  | The BCA II Semester students participated in an industrial visit to the Indian Institute of Science (IISc) campus, Bengaluru, during the IISc Open Day on 7 <sup>th</sup> March 2026. The visit provided students with an opportunity to explore |                                     |   |                |

| Sl. No. | Particulars | Event related Details   |
|---------|-------------|---|
|         |             | <p>advanced research facilities and gain exposure to real-world applications of computer science. During the visit, students explored the Department of Computer Science and Automation (CSA) and the Supercomputer Education and Research Centre (SERC), where they learned about the evolution of computers, high-performance computing, and current technological innovations. Faculty members and researchers at IISc demonstrated various projects and explained the role of supercomputers and modern computing systems in solving complex problems. Students also actively participated in logical thinking and coding activities organized as part of the open day events. These activities enhanced their problem-solving abilities and provided hands-on exposure to programming concepts. The industrial visit helped students bridge the gap between theoretical knowledge and practical applications, inspiring them to explore research and innovation in the field of computer science. Overall, the visit was highly informative and enriching, broadening students' understanding of emerging technologies and research opportunities.</p> |

Dayananda Sagar College of Arts,  
Science & Commerce.

- Industrial visit.

The industrial visit organized by our college to "Indian Institute of Science" was very informative and valuable experience. It gave us an opportunity to see how the concepts we study in classrooms are applied in real life industries. The staff at industry were very cooperative and explained the process in clear and understandable way.

Overall the visit was well-organized and beneficial for our academic growth. We're thankful to our college and the organization.

BCA 2<sup>nd</sup> Sem 'B'

The visit to the industry was a valuable learning experience for us. It helped us understand how classroom concepts are applied in industries. We learned about the working environment, safety measures, and different stages etc.

The visit also helped us to understand career opportunities and the skills required in the industries. We are thankful for our HOD, staffs and the organization for arranging such an useful experience.
