Feedback ON ADD-ON Training Program.

Topic - AI and ML

Trainer Name: Mr. Prathap Reddy Chanchappagoni

Feedback:-

It was a clear and well-structured session, covering cloud platforms, SDLC, Azure AI, ML services and AI models. The trainer balanced the theory and application concepts. Mr. Prathap Reddy helped us adding a few real-world examples that could make us understand the concepts clearly and vividly. Overall, the training program was very useful and informative.

I, personally like to thank our institution and the trainer to provide us such an useful and strong concept in a short period of time.

The session was about AI-ML. The trainer was very confident in what he was teaching. It was a very informative session.

There were many interactive activities which kept the students engaged throughout the session. We learnt many things about AI like creating different chatbots, converting text to speech, speech to text, avatars etc.. It was very helpful for students to improve their skills.
