## Full Stack Training (feedback)

Lab 14/10/2025

Mr Braitharp Reddy who take us Full Stack Training was very helpfull for us. We learned many new things & improved our skill in highlevel. We learned +. Mr Braitharp Reddy a Microsoft Executive. The session was highly informative & eng engaging, providing a clear understanding of how modern web applications are build and connected with database.

The inclusion of AI tools made the session even more interesting and helped us understand how artificial Intelligence is transforming software development. The workshop was well-structured, interactive and hands-on learning. I would be glad to attend more such insightful sessions in future.

Thanks and Regards

Training program [web development]

The full stack Development training program was really helpful and a great learning experience

We got to learn about HTML, CSS, JavaScript, Node.js, Github, Vscode and databases were explained clearly and the practical examples made it easier to understand

The trainer was supportive, explained concepts in a simple way, and cleared doubts whenever asked. He explained topics in a simple and effective manner, addressing doubts with patience

Overall the training was beneficial and very useful program. It was informative and engaging
