24.	Summary of the Event (Around 100 words)	A workshop on "Data Analysis using Excel" was conducted for 4th-semester B.Com students as part of the Research Methodology course. The session focused on equipping students with practical skills in handling and analysing data using Excel. The resource person explained key concepts such as data organisation, use of formulas, and application of functions for statistical analysis. Students were introduced to advanced tools like Pivot Tables and charts to interpret and present data effectively. The session was interactive, with real-time demonstrations that enhanced students' understanding of data-driven decision-making, thereby strengthening their analytical and research capabilities.

Subject :- Feedback on Data Analysis Using  
Excel session

The lectures on data analysis using excel are clear and well-explained. The concepts are taught in an easy and understandable manner. Practical examples in class help in better understanding. The lecturer engages students and encourages participation.

Overall the lectures are effective and helpful for learning Excel on data analysis.

The explanation given in session is clear and easy to follow.

Thank You.

## FEEDBACK ON THE GUEST LECTURE CONDUCTED ON RESEARCH METHODOLOGY.

The guest lecture on Research Methodology was truly very insightful. We got to learn about the practical applications of statistical tools in the field of research.

Data analysis is one of the crucial and very vital step in the research process. The speaker taught about the data analysis in a very simple manner and also on how to write the interpretation.

Hence, the speaker was very effective while delivering the lecture.

We would hope to attend more such guest lecturers in future on research methodology.

Thank you.

Subject : Seminar Feedback - Data analysis using Excel.

The seminar was informative and useful. It helped me understand important excel features like sorting, filtering, and pivot tables. The explanation was clear and easy to follow. The session is helpful for academic and future career use. More practical activities could be included for better understanding. The session is helpful for academic and future career use. It also improved my interest in learning about Excel tools and data analysis.

Thankyou

Sneha
