20.	Certificates Printed?	No	21. Feedback Collected?	Yes
22.	Attendance Sheet Attached? #	Yes	23. Photographs of the Event	Attached
24.	Summary of the Event	<p>A seminar on composting was conducted for MCA students to promote environmental awareness and sustainable living. The session covered the basics of composting, its types, benefits, and practical methods suitable for households and urban settings. Students learned about the importance of managing organic waste through techniques like aerobic composting and vermicomposting. The seminar included an interactive Q&A and a demonstration of a DIY compost bin. It emphasized the role of technology and innovation in environmental solutions. The session was informative, engaging, and encouraged students to contribute to a greener planet through simple, impactful practices like composting.</p>

Feedback

The event provided insightful and practical information on the benefits of composting as a key component of sustainable waste management. The speaker presented effectively highlighted the environmental impact of organic waste and how composting can reduce landfill use and greenhouse gas emissions. Overall, it was a valuable and inspiring event for anyone interested in sustainable living & environmental responsibilities.
