The event was organized for the MCA students to provide them with an opportunity to apply their programming knowledge, improve problem-solving skills, and develop logical thinking through coding challenges. The MCA A Section and B Section participated in the Codathon simultaneously in different laboratories, with students working individually on the given coding problems. The event encouraged students to analyze problems, develop efficient solutions, and implement their ideas through programming. The Codathon provided a practical and competitive learning environment, helping students enhance their coding skills, logical reasoning, time management, and problem-solving abilities. Overall, the event was successfully conducted with active participation from the MCA students.
